## Objective

To work in a firm with a professional work driven environment where I can utilize and apply my knowledge, skills which would enable me as a fresh graduate to grow while fulfilling organizational goals.

## Experience

### Walmart Global Tech – Advanced Software Engineering Job Simulation

Remote | Completed [February, 2025]

- Completed a real-world job simulation focused on data analytics and visualization.
- Solved algorithmic challenges and implemented real-world software solutions.
- Gained hands-on experience with distributed systems and Walmart's software development methodologies.

### Goldman Sachs – Software Engineering Virtual Job Simulation

Remote | Completed [February, 2025]

- Built and optimized data structures for financial risk assessment models.
- Developed a scalable backend service for handling market data transactions.
- Applied data structures, algorithms, and debugging techniques to solve real-world engineering problems.

## Projects

### Movie App

**Technologies Used:** JavaScript, HTML, CSS, TMDB API

**Abstract:** The Movie App is a dynamic web application that allows users to explore and search for movies using The Movie Database (TMDB) API. Built with JavaScript, HTML, and CSS, the app fetches and displays movies based on popularity and user searches. It features an interactive UI with responsive design, real-time data fetching, and a rating-based color-coding system for better user experience.

### Drum Kit Web App

**Technologies Used:** JavaScript, HTML, CSS, Audio API

**Abstract:** The Drum Kit Web App is an interactive project that allows users to play drum sounds using mouse clicks or keyboard inputs. Built with JavaScript, HTML, and CSS, it leverages the JavaScript Audio API for sound playback and features real-time button animations for enhanced user experience. The app demonstrates skills in event handling, frontend development, and UI/UX design.

## Education

Shree L R Tiwari College of Engineering

Bachelor of Engineering (B.E.) in Electronics and Telecommunication Engineering

[2020-2024]

## Skills And Certificates

- Skills:** HTML, CSS, JavaScript, Dart, Flutter, .NET, SQL, Power Bi, Python, R
- Certificates:** Web Development Bootcamp, Dart and Flutter 3 Certification, Power BI Job Simulation, SQL Bootcamp
